

PETROVIETNAM GAS CORPORATION
PETROVIETNAM COATING JOINT STOCK COMPANY

HEALTH, SAFETY, ENVIRONMENT AND QUALITY POLICY

Quality is prerequisite and Health - Safety - Environment protection is our prime concern in all production and business activities of Petrovietnam Coating Joint Stock Company (PVCOATING)

As a specialized company in oil & gas industry, we are committed to provide products & services with quality according to applicable standards in order to achieve customer satisfaction. We also take all appropriate measures to remove or reduce risks of injuries and harmfulness to human health and environment.

PVCOATING Board of Management is committed to:

1. Provide products in compliance with quality standards, schedules as well as requirements, regulations and relevant laws.
2. Provide necessary resources to establish and maintain Health – Safety – Environment – Quality Management System effectively.
3. Continuously improve effectiveness of Management Systems in order to enhance customer satisfaction, minimize risks and accidents, protect environment and conserve natural resources.

This policy is circulated to all PVCOATING employees and related parties and regularly reviewed to ensure its conformity with reality.

PVCOATING Board of Management requests all employees to be aware of and strictly comply with this policy in all of their activities.
